Summary

MCA student with strong skills in Java, JavaScript, DSA, OOP, and DBMS. Experienced in building full-stack web applications using React.js, Node.js, Express.js, and MySQL. Passionate about software development, problem-solving, and creating scalable, user-focused solutions through hands-on projects.

Education

MET Institute Of Engineering, MET Bhujbal Knowledge City, Nashik

Pursuing

- Master's degree in Computer Application

RNC Arts, JDB Commerce, NSC Science And Computer Science College

Sept 2021 –

Jun 2024

- Bachelor of Science in Computer Science: 7.31 CGPA

Skills

- Programming Languages: Java, JavaScript
- Frontend: HTML5, CSS3, JavaScript, Tailwind CSS, React.js
- Backend: Node.js, Express.js, RESTful APIs
- Databases: MongoDB, MySQL
- Tools & Platforms: Git, GitHub, Postman, Vercel, VS Code
- Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC), MVC Architecture, Computer Networks, DBMS

Projects Experience

HealthFreak

Sept 2025 - Nov

2025

- Built a fitness and health tracking web application that provides users with workout planning, health monitoring, and wellness-related information.
- Developed responsive frontend components and integrated backend services using HTML, CSS, JavaScript, Node.js, and MySQL.
- Implemented structured data management and interactive user features to enhance engagement and improve overall user experience.

AI-Powered Mock Interview System

Nov 2024 - Feb

2025

- Developed an AI-driven interview preparation platform that generates role-specific interview questions and provides automated feedback to improve candidate performance.
- Integrated LLM-based evaluation, interview session management, and performance analysis features to simulate real-world technical interview experiences.
- Built a scalable full-stack architecture using modern web technologies, enabling personalized interview practice and detailed assessment reporting.

Internships & Certifications

• Aquil Tech Labs

Software Development Intern | BoldMark

Jan 2026 - Present

- Developed a construction management web application using React.js, Node.js, Express.js, and MySQL for managing projects, bids, clients, and employees.
- Built and integrated RESTful APIs to support project tracking, employee management, and reporting

functionalities.

- Implemented secure user authentication using JWT, RBAC, and OTP-based password reset to improve application security.

- Java Training – IIT Bombay (Oct 2025) Learned Core Java, OOP and fundamental programming concepts.
- Full Stack Web Development – Certification Learned frontend and backend development concepts, including responsive web design, RESTful APIs, database integration, and full-stack application development.
